"Most of us live our whole lives, without having an adventure to call our own. What is any life without the pursuit of a dream?"

-Vanilla Sky

Knights, Camera, Action!

Our theme for the 81st edition of the Deo-wain-sta is Knights, Camera, Action!

Since the first movie was made, movies have inspired people in many different ways.They can resonate our hopes and our dreams , our happiness and our sadness. Actors can inspire us with their words and actions.

The Dead Poets Society, a movie that has inspired me, helps us to discover who we really are, to learn about challenging the status quo and to find our innerselves. These are things experienced as we go through our high school years. The movie encourages you to pursue your dreams and embrace life, lessons we should all take with us as we move ahead.

Movies have always served as a reflection of our society and the times we live in. Like wise we hope you find this yearbook a reflection of the times you have spent at RFA this year.

Quoting the movie *Uptown Girls*, "Everystory has an end. But every ending is just a new beginning."

And so as we start a new beginning in the fall, we will have this yearbook to look back upon to reveal the story of our years at RFA. It serves as a chronicle; for some it marks a beginning and others it marks an end. It tells the story of our good times and bad times, our successes and failures and our inspirations and meloncholy.

"NO MATTER WHAT ANYBODY TELLS YOU, WORDS AND IDEAS CAN CHANGE THE WORLD."- *THE DEAD POETS SOCIETY*

Master and Commander

Members of the Graduating Class:

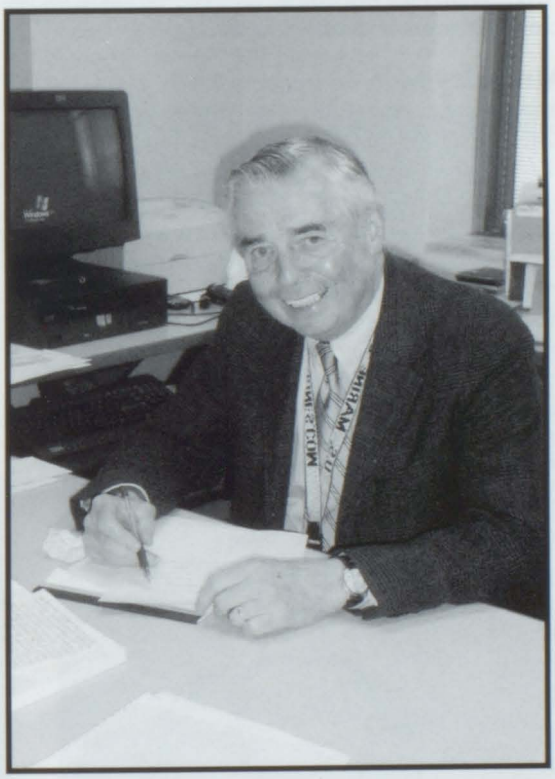
Three years ago, when you were in the ninth grade, I served as the Acting Superintendent of Schools for the Rome City School District. During that period of time, the construction process was coming to a conclusion at the new Rome Free Academy. Watching bricks and mortars come together and a school building slowly evolve is an exciting experience. But having the opportunity the last six months to observe the interaction of students and staff in this outstanding high school on a daily basis is very special and rewarding.

In September 2002, you entered the new school as the first sophomore class in its history. During the past three years, you have matured and have made significant contributions in the academic, extracurricular, and social realm. In this regard, you have benefited from the diligence and efforts of your teachers and staff members who have helped you maximize your potential.

Your contributions have not been limited to the areas listed above. During your years at Rome Free Academy, you have helped shape and influence the traditions of the new school. Be proud of your Alma Mater and always take pride in the fact that you are a graduate of RFA.

My very best to you.

Jerome F. Mebin

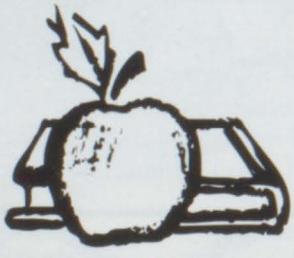


RFA Staff Graduates

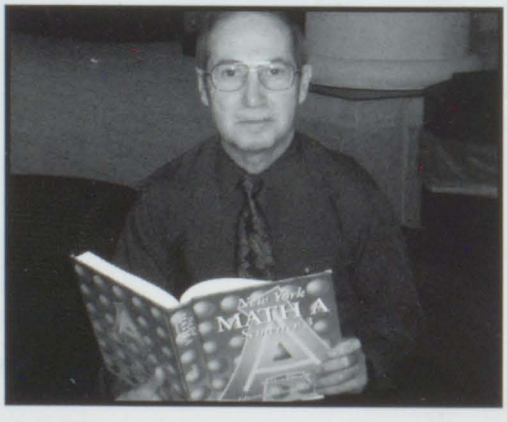
Mr. Ford has been teaching for 33 years. He received his undergraduate degree at Potsdam and his masters at Cortland. His most memorable experiences were his World Wars oral history project and the True Colors Program. After he retires he plans to read and write books, harvest and plant a garden, and explore new places. He says the thing he will miss most about teaching will be the kids. Mr. Ford believes, "Your great strength becomes your great weakness."

Mrs. Carey has been teaching full time for 26 years, but was a substitute teacher for 5 years. She received her B.A. at SUNY Albany and her master's degree at Syracuse University. Mrs. Carey has many memorable experiences including the teachers' strike of 1982, writing letters of recommendation that earned full scholarships for students' college tuition, and frying hotdogs at Friday night football games. Mrs. Carey will miss the excitement of the first day of school, and the joy of watching students receive their diplomas. Mrs. Carey believes, "If the condition of man is to be progressively ameliorated, as we frequently hope and believe, education is to be the chief instrument in effecting it."

Mr. Adey has been teaching for 31 years. He received his master's degree from Syracuse University. Mr. Adey's most memorable experience was graduating from R.F.A. and coming back to teach. After retirement, Mr. Adey plans to do whatever he wants, whenever he wants, for as long as he wants! Mr. Adey said he will most miss the look in a kid's eye when they truly "get it". Mr. Adey says, " If a doctor, lawyer, or dentist had 30 people in their office at one time, all of whom had different needs, some of whom didn't want to be there and were causing trouble, and they had to treat them all with professional excellence for 9 months-then they would have some conception of a classroom teacher's job."



Mr. Dellerba has been with us in the Rome City School District for 11 years. His first year spent here was as a mathematics term sub at Rome Catholic High. From there, he became an ISS teacher for 10 years. Before this, he was subbing in various districts. He graduated from Utica College with a degree in psychology and he minored in mathematics. His most memorable experience was a few years back, when he was here at RFA and got word that the top 10 students of the senior class skipped and went to breakfast. When they arrived, they were friendly. He greeted them and was delighted to be able to spend the day with them. After he retires, he plans to travel, visit his daughter and other relatives, tutor kids in math, and spend time with close friends and family. He enjoys bicycling, swimming, and especially walking. Mr. Dellerba leaves us with this thought, "All that is necessary for the triumph of evil is that good people do nothing."



Mrs. Haley has been teaching in the Rome City School District for 34 years. During that time she worked at the Board Office,18 years at the junior highs, and 2 years in elementary schools in the district. Her last 7 years have been spent here at RFA. She graduated from Hartwick College with her bachelors and then continued on to SUNY Geneseo for a Masters in Library Science and SUNY Cortland for her CAS. Once retired, she plans to travel, pick on her husband and dog, and come back here with her witch outfit on and bug the kids. She says that what she will miss most of all is the kids...99% of them!

According to **Mr. Galin**, he has been teaching for a very long time. He has spent 32 years in the Mohawk Valley, including 3 years at Boces and 2 at RFA. He graduated from SUNY Albany with a M.S. in Library Science, and a M.A. in Communications. His most memorable experience at RFA was being the Drama Club advisor many years ago. After he retires, he plans to do quite a bit of traveling, take up some college courses, and continue pursuing his interest in photography. Mr. Galin will especially miss the interaction between his colleagues as well as his students. Mr. Galin leaves us with this, "If all the world's a stage, I want better lighting."

Mrs. Gallagher no photo available. She taught for over 20 years in the Rome schools. Mrs. Gallagher attended St. Lawrence University for education. She loved teaching and being involved with her students, she genuinely cared that they were successful.

Mr. Granacki has been teaching in the district for 24 years. His first years were spent at Strough Jr. High and his last six years were spent in the RFA guidance department. He graduated from Niagara University and continued on with his master's degree at Syracuse University. His most memorable experience was helping out a student in trouble. He convinced him to stay in school. Today, that man has his diploma and works for the police department. After Mr. Granacki retires, he plans to play golf and ski. He says that what he will miss the most are the students. He will miss watching them progress through their highschool years. His best advice to the students is "Don't accept the statement that it can't be done; anything is possible."

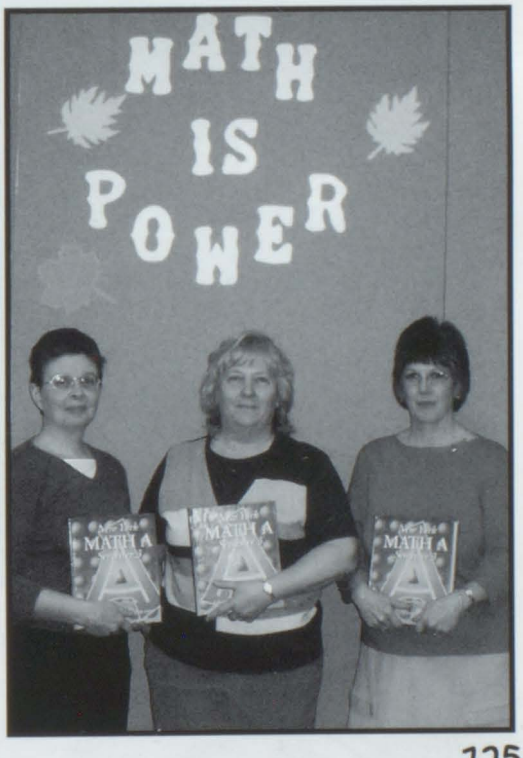
Mr. Guarneiri started his teaching career as a health teacher at Strough Jr. High. He spent the next five years working as the district's Substance Abuse Prevention Specialist. His last eleven years were spent in RFA's guidance department. He graduated from SUNY Brockport and graduated from Syracuse University after finishing his graduate studies. His most memorable experience as a teacher was when he co-taught a lesson with Mr. Marullo, an English teacher at Strough Jr. High, and played the role of "Elephant Man" in a unit on disease. As a guidance counselor, he fondly remembers when a student of his rebounded from failing and came back to school to graduate. After Mr. Guarneiri retires, he plans to go back to the "Three R's": Read, Reinvigorate, & Reflect. Mr. Guarneiri says that what he will miss most about teaching are the students as well as the people with whom he works. Remember, "People should keep in touch with their dreams and to achieve the possible, we must attempt the impossible."

Mr. Puleo taught for 18 years. He has been an administrator for 14 years. He graduated from Buffalo State with a B.S./M.S. in Technology Education and a C.A.S. in Administration. His most memorable experience was in 1994, when RFA still had the house plan. He was the administrator for the senior class, a class he had been with for three years in a row. The house plan brought everyone closer together and everyone was like one big family. His whole senior class stood on the stadium field in the formation of "1994." Craig Evans, a senior at the time, was going for his pilot test and flew over the stadium and took the picture. After he retires, Mr. Puleo plans to travel and catch up on a lot of housework he has postponed. He enjoys hunting, fishing, and golfing and looks forward to being the "outdoorsman" he likes to be. After being a teacher for 18 years, he says what he misses the most is the student and teacher interaction. He misses being in the classroom, and the camaraderie developed with the students. He says, "I miss the excitement of seeing students learn something in my class and then share that with me." Mr. Puleo believes that "Old soldiers never die, they just fade away."

Mrs. Panara has been teaching for about 35 years. The majority of those years were spent at various elementary schools and she then finished her last 3 years in our district at RFA. She attended Bradley University in Illinois for her freshman and sophomore years, then finished her junior and senior years at SUNY Potsdam. Her most memorable experience was when an elementary student of hers nominated her for News Channel 2's "My Favorite Teacher" award and she won. After she retires, she plans to sleep in a little bit longer but wake up in time for "The Today Show." She also plans to visit with family more and spend much more time out of state. She also is interested in finding a part-time job. Mrs. Panara will miss the special relationships she has formed with students and will miss knowing that she has impacted many students' lives over the years. Mrs. Panara says, "I will miss making a difference in other people's lives." Mrs. Panara loves to help people, especially when bad things happen to them. She likes to be nice and do good things for people. She can only hope that, "What goes around comes around."

Mrs. Frasca has been teaching for 35 years. She graduated from the SUNY Oswego. Her most memorable experience as a teacher was at Strough Junior High. The math curriculum and science curriculum were combined and the teachers and students spent 7 days in the Catskills where the teachers and students were able to get to know each other on a personal level. After she retires, she looks forward to mornings of sleeping in, becoming an interior decorator, a landscaper, catch up on some reading, and becoming a yoga and tai chi practitioner. She will most miss the friendships that she has made with co-workers as well as with students. Mrs. Frasca would like to leave us with this thought from Aristotle, " What we have to learn to do, we learn by doing."

Mrs. Walrath has been teaching for 34 years. She started teaching math on Feb. 5, 1971, at Hamilton Central Schools. She was working on her masters degree. She next started working at Rome Public Schools in Sept. 1971. She taught 31 years at Strough Junior High and this is her 3rd year here at RFA. She received her B.A. in Mathematics from The College of Saint Rose in Albany, NY. She later received her master's degree in education from Colgate University. One of her most memorable moments from teaching was when she was given a baby shower by her homeroom students in 1975. Her other favorite memory was of a new irate student in her 9th Grade General Math class who said she "hated" math. Mrs. Walrath told her she would "love" math after the year was up. Three years later the student thanked her in the newspaper. She received her Regents credit in Course I and II and was enjoying the course in math. After retiring, Mrs. Walrath will finish remodeling her home. She would also like to see all 50 states and continue cooking, walking, and crocheting. She plans on trying lots of new things. What she will miss most about teaching will be seeing students change their mind about math, especially on tests and Regents exams, the smile on their face when "they get it", and the faculty and staff, especially the math department. The quote she would like to leave us with is " Math is Power."



Mr. Kenny has been teaching for 33 years. He graduated from Utica College. After he retires, Mr. Kenny plans to do nothing-full time! He says what he will miss most about teaching is the interaction with the students.

Mrs. Reschetnikow has been teaching for 33 years. She graduated from SUNY Potsdam. She looks foward to relaxing and catching up on projects at home. Mrs. Reschetnikow will miss the interaction with students and her fellow math teachers. She believes, "Math is not a spectator sport!"

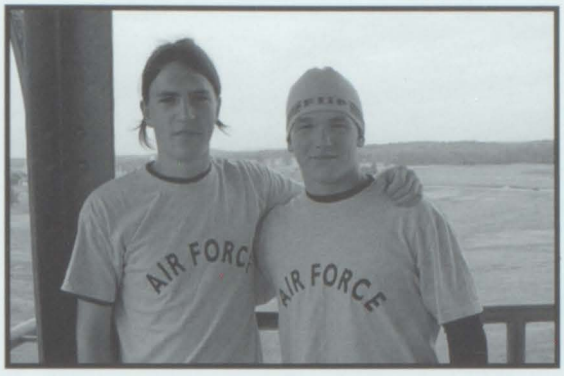
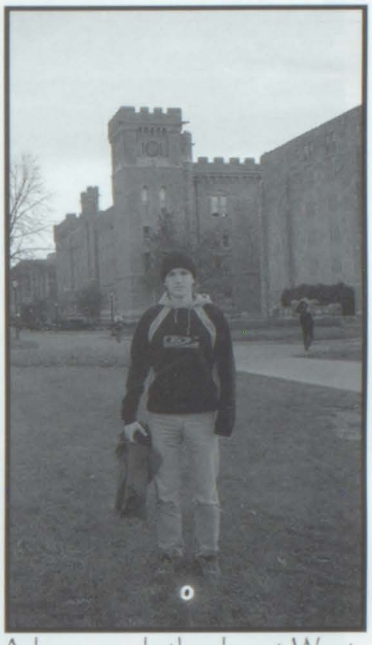
Best Foreign Feature: Adam Kiss

Adam meets with the President of the Rome Rotary Club and the Rotary International President.



Adam and friend Alex Myhr take a trip to Gettysburg on a JROTC field trip.



Adam spends the day at West Point Military Academy.

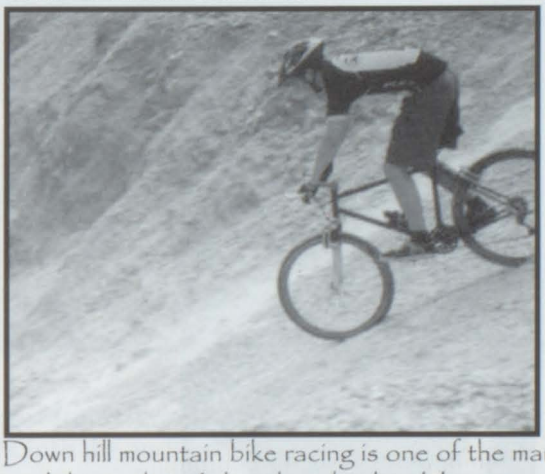
Here Adam is standing in front of the UNC tower in North Carolina.

My name is Adam Kiss. I am a Rotary Exchange Student from the Hungarian capital, Budapest. Hungary, which is in Central Europe and part of the European Union, is about the size of Indiana and has a population of 10,200,000.At the end of August, I arrived in Rome for my year-long stay with my two host families, the Townsends and the Schonewetters. So far, the year has gone very fast. In my spare time in Hungary, I enjoy mountain biking, hiking, rock climbing and spelunking. At RFA, I was a cross- country runner in the fall; in the spring, I will be trying out for the lacrosse team. School here is a lot easier compared to Hungarian high schools, so I'm not overwhelmed with work this year. In my senior year in Hungary, I would have to study three to four hours after school everyday. Here I have time to hang out with my friends or visit other places like North Carolina, Maryland, and Pennsylvania. There is a big road trip coming up in June, where the Rotary Exchange students will visit 24 states! The time I spent here was great. I will never forget my days at RFA.

Adam is having fun with friends Laura, Cortney, Danielle, David, Mandy, and Lauren at the sectional swim meet.

Adam has fun climbing up a cave wall in Hungary.

Hungary's Coat of Arms.



Down hill mountain bike racing is one of the many cool things that Adam does back in Hungary.

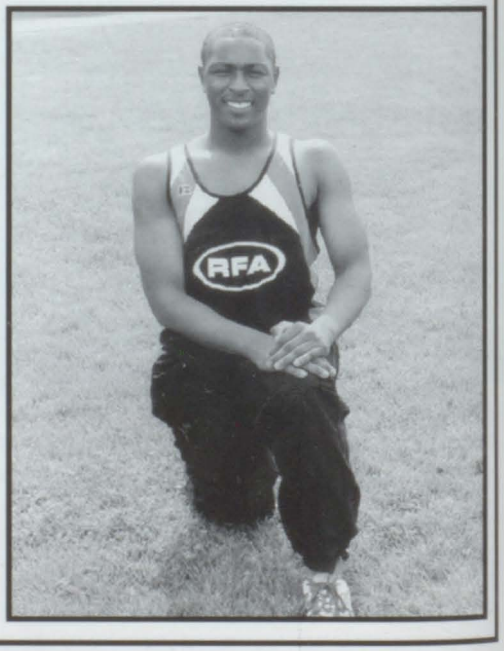
SO MUCH TO CELEBRATE



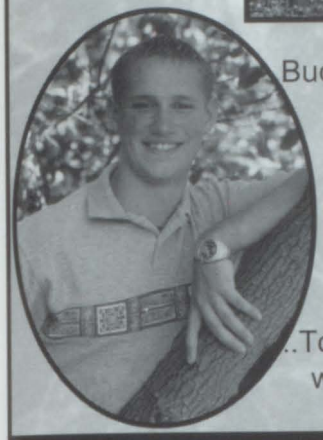
Meagan & Ryan TenEyck

The world is not respectable; it is mortal, tormented, confused, deluded forever; but it is shot through with beauty, with love, glints of courage & laughter; & in these, the spirit blooms timidly, & struggles to light amid the thorns. -George Santayana

You have been a source of light and beauty in a world of thorns.

Love Always, Mom, Art, Mahogany, & Abbey.

From Bucketheads..



..To graduates with bright futures.

ALL OUR LOVE

You have made us so proud. It's going to be so hard to watch our little "Kelly Girl" leave for college. We know you will create many wonderful opportunities for yourself, but always remember all of our love and that we will always be here for you.
WE LOVE YOU!
CONGRATULATIONS!
Love Always,
Mom & Dad, Michelle, Kim, and Marc

Shannon Chlebus

Congratulations! You amazed us when you were little. You're still amazing us as a young lady. You have accomplished so much already and we know you'll be very successful. We love you, Shanewski!
Love,
Mom, Dad, & Lindsay

Courtney Stratton

Courtney,
We are so proud of the beautiful young woman you have become. You are smart, passionate, caring, and true to yourself. We support you in life and wish you only the best in all your endeavors.
Love,
Mom & Sissy

Danielle Marie Conover

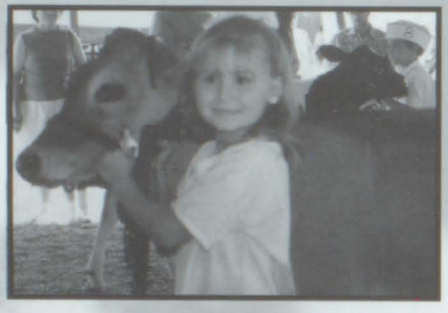
You went from a Daddy's little girl to a beautiful young woman (but still Daddy's girl!) You always want to do your best & you still continue to do so. Always have that attitude (not the crazy one) you have on your outlook in life. Remember life is what you make it. We are so proud of you, Dani, & all of your accomplishments (school, BOCES, work & your summer in Lake George) "Ski-doo Chick"

We want college to be just as wonderful for you but we know it will be. It will be a wonderful experience & we want you to do the same in college as in RFA (just don't call Daddy crying every night because you miss him!). Always follow your dreams. We will always be there for you no matter what, & again, "We are so proud of you." We love you very much, Danielle...

Love you always,
Mom, Dad, Kelly, Kyle, & Maxwell

Tiffany Lyn Baker

Tiffany
Congratulations! You made it so far and we couldn't be happier for you. You are going off to college to accomplish your life-long dreams. We all wish you the best in college and in life.
Love Always,
Mom, Dad, Matt, Grandma, and Grandpa
XOXOXO



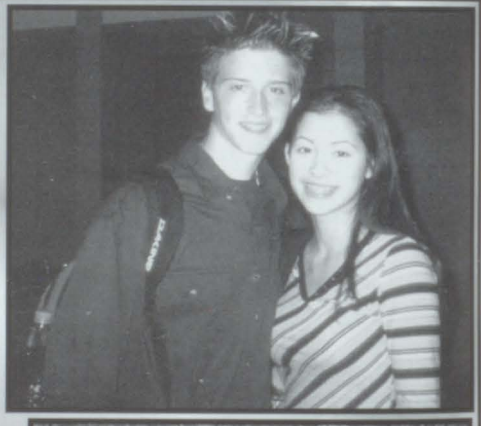
Lawson Andrew Hill

My Gift to you
is this push from the nest;
Where keeping you safe
has been my greatest test

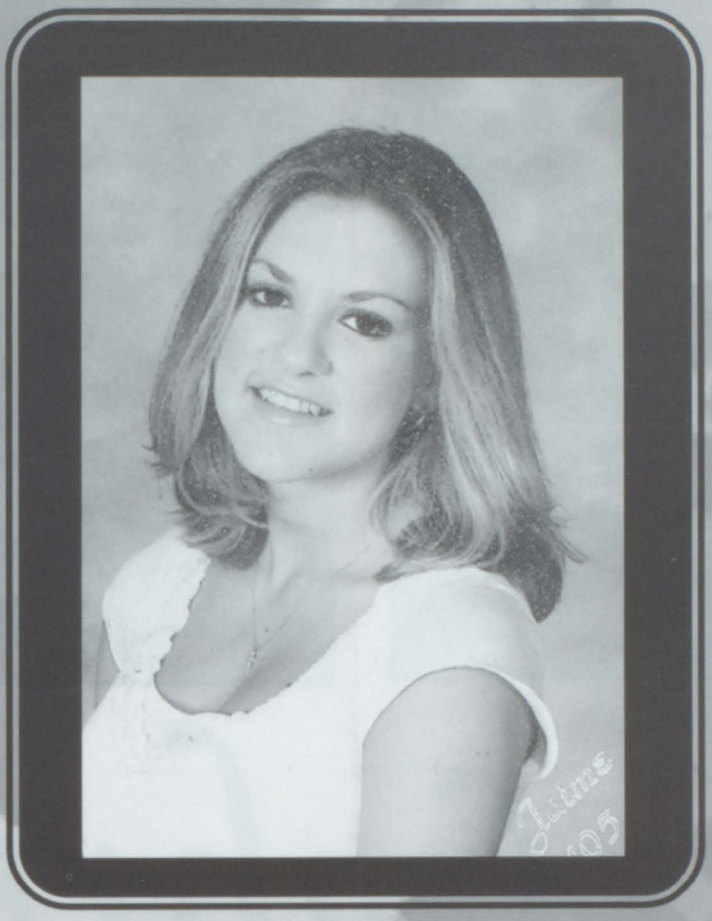
Dear child of mine,
soar on eagles' wings--
Embracing each opportunity
the life ahead of you brings!

Congratulations,
Monkeydoodle!

Love, Mom



Business Editor



Donald Trump once said, " If you're going to be thinking, you may as well think BIG." This year's yearbook staff, as well as our advisors, Mr. Maitland and Mrs. Cortese, took Donald very seriously in creating one of the biggest yearbooks Rome Free Academy has ever seen. This 81st edition of the De-O-Wain-Sta is one that will go down in history, not only for its many pictures, people and pages, but also for the people behind this production. The yearbook staff worked diligently this year to make this yearbook the best one yet. We would also like to thank the local businesses that contributed to our funds in order to make this available to all the students here at RFA. Without their help, the yearbook would be almost doubled in cost and we would not have been able to bring to you the highest quality book possible.

Risky Business

Melanie Stanley is this year's top ad seller. What makes a great Sale-ebrity? It takes a strong constitution and a willingness to spend hours on the phone and on the road, always presenting a positive upbeat personality even in the face of rejection. The reward for a job well done, $50 and the satisfaction of knowing that you have done your best.

Elizabeth "Lizzie" Daniello & Sarah Tierney are tied for the second most ad sales. Great job, Girls! The hours of hard work selling ads has paid off. They both will be receiving $15. Thanks for helping to make the yearbook as affordable as it is. It takes the efforts of many people to control the cost of the yearbook. This effort is greatly appreciated by all.

$ale-Lebrities

Elizabeth Marion Redmond

Doe Eyes, you're awesome and we are extremely proud of you. You go, girl!

Love,
Mom and Dad

The yearbook staff would like to thank all the Central New York area businesses for your continued support. If it wasn't for your contributions we wouldn't have been able to make this yearbook bigger and better than ever before.

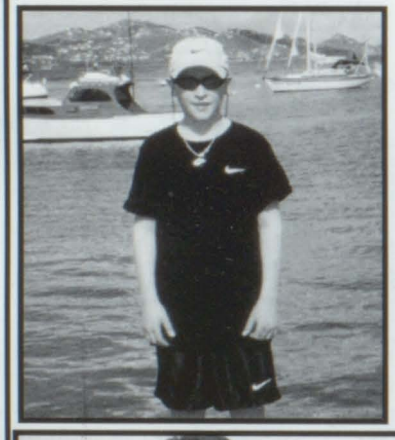
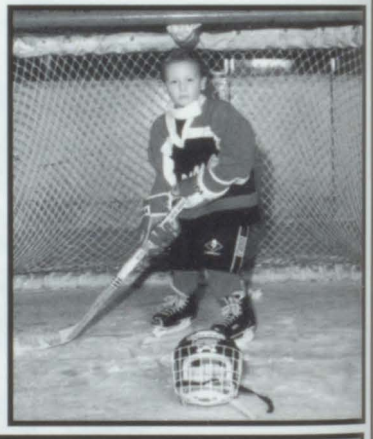
Adrian Flanders



Adrian, your birth opened a new chapter in our lives, filled with wonder, love and pride. With your sense of humor, magic and sports. You made us laugh, you introduced us to new interests, and kept us young. From the first minute we saw you and looked into your eyes, we saw that sparkle of curiosity and a quick mind. A parent can only hope that their child will excel in school. Few are lucky enough to have their child do it because they want to and take charge of their own agenda. You are well organized, purposeful and no doubt someone who will be fully in control of their own destiny.

As you begin your own adventure in life, always remember to live each day as though it were your last, but always plan ahead. Make good decisions when you can but remember that a life without regrets is a life without risk and you can never reach great heights without risk. Your future is only limited by your imagination, your accomplishments by the amount of your sacrifice. Above all, remember that we will always be here for you, and love you no matter what. We are very proud of you and feel very blessed to have you as our son.

Love you,
Mom and Dad



Shannon Dooley

We are very proud of you, and we love you!

Lindsay Smith

We love you, Skinner!!
You have always been unique, and we hope you always remain so. We are extremely proud and love you very much.

Love,

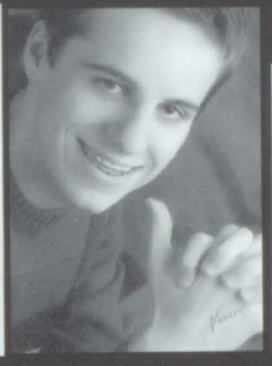
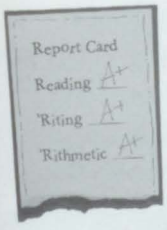
Michael Chilluffo

Mike,
We're so proud of the young man you've become.
Love,
Mom, Nana,
Uncle Ted, & Susie



Nicholas Arena



You have come a long way, Nick. We knew you could do it. We are so proud of you. We wish you a lifetime of love, happiness, and success.

XOX,
From
Your
Family

Ian Jude Dempsey

You're on a mission, it's not a game.
To make a difference, to make a change.
Just one spark can light a flame.
You can change the world.
Hold up the light, shine through the night.
Do what is right, you can change the world.
Take your candle and go light your world.

Believe in yourself
Give yourself advice
Just as a friend of yours would

Don't be discouraged
Don't just think about it
Do what you think you should

Let your words and your actions
Be in agreement

You've earned your wings
It's just a matter of time now
Until your dreams will come true.

Dear Amy,

Perhaps I didn't tell you enough how proud of you I truly am. For all that you've been through growing up, you have turned out amazingly well. Up until December 11, 1986, I couldn't understand how a woman could be so happy that she cried. On that day, I learned.The day you came into the world. There is no love greater than the love a parent has for their child. Right in front of me my little girl has grown into a woman.Where'd the years go? From your first graduation at nursery school, to this one, I am eternally proud to have you as my daughter. If you only knew....how much I love you.

It is so hard to believe that eighteen years have passed from the day we brought you home from the hospital to today- your graduation from high school. Don't think of graduating as an ending, but rather, a passage into a new realm of your life. You have weathered many obstacles in your life and always come out a better person because of them. Your future lies ahead of you. God has blessed you with many talents and gifts. Believe in yourself as much as we do. We hope and pray that all your prayers will be answered and all your dreams fulfilled. These are the best days of your life. Live them well. May God bless and protect you always.

In Loving Memory... Of Josh Thompson

Friends for life.

Joshua Michael Thompson was one of my best friends. He was always there when I needed something. When I missed my bus at school, he would come out of his way to make sure I had a way home in his beautiful Mazda MX-6. We got along really well when we first met. He was all about getting his money and putting it into his cars or his bike. I miss you, Josh. We will be together riding again one of these days.
Let me tell you how I would pay a million dollars a minute a day just to hang out and hear his voice again.
-Karim Madmoune

*UnBelievable

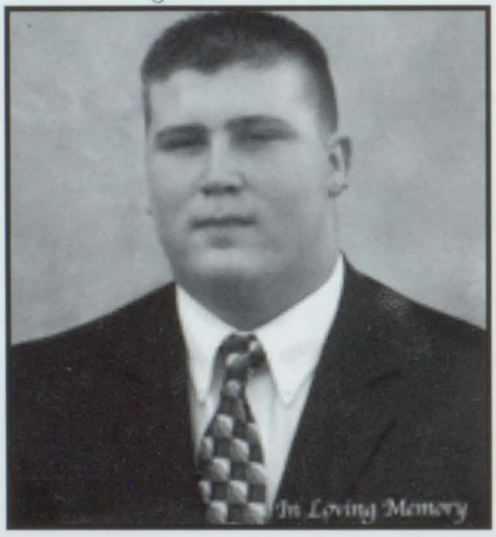
It's hard to believe he's really gone,
What did he do that was so wrong?
Whenever you needed him he was there,
No matter what time, when or where.

He was one of a kind
with his big smart mind.
He never hurt a fly,
Looked good in a tie.

Always seen walking the hall,
With Warren so big and tall.
Eating at Taco Bell everyday,
He wouldn't have wanted it any other way.

Will we ever be able to deal,
With all this pain we feel?

You made me laugh, you made me smile,
You were so funny, you were so wild.
I think of you at times and cry,
And find myself asking, "Why?"
Why someone who was so loved?
Why someone who loved so many?
As I live my life without you friend,
My world turns, and I sometimes bend.
When you were near, I felt no fear.
What can I do without you here?
I know you're still with me,
Watching my every move and guiding me.
They say the good die young,
But you will never die.
So many people love you,
And in our hearts you fly.
You worked so hard everyday,
And your labor paid off in so many ways.
You were living a life much like a dream,
With a custom car on 17's.
Always joking, you were so funny,
You know I Love You, JT Money.
All things are possible, so never say never,
I know JT Money will Ride Forever..
By: Scott Herrig



Josh was a great person. He made my day everytime I saw him. Josh always put humor into something just to make people laugh. He had a lot of friends and forever will be greatly missed. Ride forever, Joshy.. -Danielle Conover

Josh Thompson was that kid who could never be mad at anyone and always was making someone laugh if it wasn't me. He had a passion for everything he owned even his beat up delivery car, which he would always say to me jokingly, "Hey, let's race!" Josh was the kind of person that if someone needed help he was there in a minute helping them no matter how small the task. Josh, "J.T. Money", you will always be greatly missed. And I now know that you're watching over all of us. -Tiffany Ramos

Golden Memories

They say that memories are golden, well, maybe that is true,
We never wanted memories, We only wanted you.
A million times we cried.

If love alone could have saved you, you never would have died,
In life we loved you dearly, in death we love you still.
In our hearts you hold a place no one else could fill.

We would walk the path to Heaven and bring you back again.
Our family chain is broken, and nothing seems the same,
But as God calls us back one by one, the chain will link again.

We love you, Bubba,

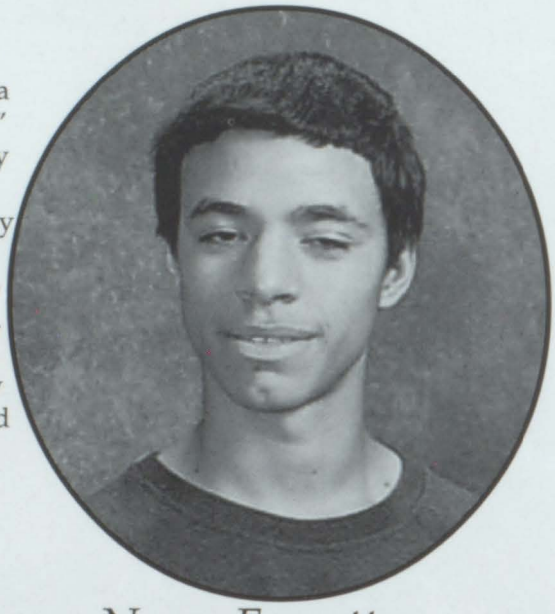
In Loving Memory of Shaun Hutson

When I Looked In Your Eyes
Written By: Sarah Click

When I looked in your eyes, I saw someone who cared, someone who dreamed, someone who dared, dared to look beyond the outside appearance and look into your heart. You would never think that his life would part. Now he's gone and I can't believe, that I took for granted how much he meant to me. He was a friend, a soldier, and wanted to be free. Free from what this world had made him to be. If you took the time to know him like I did, you would know that he was an intelligent kid. He spoke his mind without a fright and wasn't afraid to put up a fight. He was friend to most, a foe to few, but if you were a foe well then...forget you! You missed out on a lot. Lots of smiles, laughs, hugs, and more. Shaun was somebody that wasn't separate. I know his death was terrible for us, but now he's in Heaven staring straight into God's eyes saying, "Take me now. Let me be free. Allow me to be what I always wanted to be. Just a regular kid with a heart of gold, memories of a lifetime, and secrets untold." I just want him to know how much he meant to me and that his face forever I will see. With a picture on my wall that I kiss every night, hoping and praying that he's alright. See you in Heaven! Just promise me one thing...You don't forget me and I won't forget you!!!

"He was nice. He loved to joke and he loved to have fun. He enjoyed having a good time and especially liked "chillin" with friends. He loved going to the city (NYC). It's boring now. We always skateboarded together. He loved to play basketball and even though he wasn't good at it, we still had fun playing. He was my only friend. It was, and still is, really hard to accept that he's not here. For the most part, he took things pretty positively and he was kind. You would have wanted to know him." --Anthony Jusino, 10th grade



"I knew Shaun to be an outstanding young man, a person whose ability to enjoy life to the fullest enlivened those in contact with him. Shaun was a student of whom we all thought highly; a boy to whom we pointed with pride as a student at our school. The student body and the faculty continues to mourn his untimely passing. Our only consolation is the knowledge that we were privileged to know and work with Shaun during his time at Rome Free Academy. Shaun shall be missed by all of us." --Mr. Vernold, Assistant Principal

"He was very nice and generous. He'd do anything for anyone. He was always smiling, laughing, and joking around. He wasn't really good at basketball, but we loved to play anyway. He was "my little man." He was the kindest person you will ever meet." --Antonio Gualandi, 10th grade

Never Forgotten

By Shannon Hicks

Smiles fade to tears of sadness
But in time to lose a brother, a friend, and a son
That will never be forgotten
In good times and in bad
In happiness or in sadness
For each person their memory is different
His love for skateboarding
His personality that brought people to life
His sense of humor that made classes with him fun
The one thing that I will always remember is... his compassion.
